

## TECHNICAL DATA SHEET

# NowoCoat Uni Primer

**Product description**

NowoCoat Uni Primer is a pigmented matt universal primer for highly absorbent mineral roof surfaces such as fibre cement and concrete roof tiles.

**Application**

The roof surface must be dry and completely cleaned of dirt, moss and algae before application. NowoCoat Uni Primer should always be used undiluted. Apply to the roof surface with a brush, roller or airless spray before being treated with NowoCoat Roof Coating or NowoCoat Rubber Coating.

**Highlights & Features**

- Developed for particularly challenging roof surfaces
- Quick to dry
- Strongly adhesive to the substrate
- Penetrates deep into the surface
- Compatible with subsequent treatment with NowoCoat Roof Coating and NowoCoat Rubber Coating

**Recommendation**

Important: Remember to stir NowoCoat Uni Primer thoroughly, and always start by painting a small test area to ensure that the product is compatible with the surface that is to be treated.

**Technical data**

<b>Colour:</b>	Black, Anthracite Dark, Red Brown, Mocca and Pale Grey.
<b>Drying time:</b>	At 20° Celsius and a relative air humidity of 60%, NowoCoat Uni Primer is ready for recoating after approximately 2 hours, depending on the surface's absorbency and the thickness of the applied layer.
<b>Coverage:</b>	5-7 square metres per litre, depending on the surface's absorbency.
<b>Dilution:</b>	Must not be diluted.
<b>Cleaning:</b>	Water
<b>Gloss:</b>	Matt
<b>Packaging:</b>	20 and 100 L.
<b>Shelf life:</b>	24 months in original unopened packaging
<b>Storage:</b>	Dry, frost-free and out of the reach of children.
